Eden Island
VILLAGE MANAGEMENT ASSOCIATION

USER GUIDE FOR INTERCOM SYSTEM

The intercom system installed at Eden Island is a closed system allowing residents and guests to communicate internally in the residential village and the commercial district on Eden Island.

Apart from communication with the call centre at the VMA, residents can call other residents in the village or other businesses and facilities on the Island. (Note: as some parts of Eden Island are still under development, not all extensions will be active yet.)

An intercom handset has been installed in each residence and can be operated as follows:

To Dial

Dial 'Extension Number' followed by the' #' key
E.g.: To call the emergency number, dials 911#
Note: if # key is not entered, phone will still dial the number after a short pause.

To Transfer a call

Dial # key followed by 'Extension Number'

The EXTENSION NUMBERS for residences are made of 5 digits assigned as illustrated below:

APARTMENTS:

(001) PARCEL No. Extension number: 00124	(24) APARTMENT No.

Further Example:
Karanbol (Parcel 198) Apartment 12
Extension Number = 19812

MAISONS:

(029) MAISON No. Extension number: 02901	(01) INTERCOM No.
